Sir Henry Miers,

University of London,

South Kensington, London.

My dear Sir Henry:

I have just been reading in a paper an account of the report of the last commission on London University, and the somewhat summary information has made me eager to see the report itself. Can you tell me where I can secure a copy ?

I hope that you enjoyed your visit with Professor Porter and that you had a pleasant journey home. We look back with much pleasure upon the meeting of the Geological Congress here.

With kind regards, I am,

Yours sincerely,

President.

Sir Henry A. Miers,

23 Weatherby Gardens,

South Kensington, London.

My dear Sir Henry:

Many thanks for your kindness in sending me the copy of the official report of the Commissioners of the University of London. I shall study it with a great deal of interest.

I am glad to know that you had such a pleasant time with the Porters last summer after you left Toronto. I do not think that it is at all probable that I shall be in England during the coming summer, but of course if I am I shall make a point to see you. With best wishes for the New Year,

I am,

Yours sincerely,

President.

Sir Henry Miers,

Principal, University of London,

Imperial Institute, London.

Dear Sir Henry:

The contribution made by Trinity College is distinct from that given by the University as such, so that you should make direct application to Trinity for its payment.

With kind regards, I am,

Yours sincerely,

President.
